

POST RESULTS SERVICES – SUMMER 2018

If you wish to access any post result services, please read the following and complete the POST RESULTS SERVICE APPLICATION form. All of the following options require you to also complete a CANDIDATE CONSENT FORM (available from the Exams Office) before an application is submitted. Please be aware that the prices below are per unit. **Your final mark can be lowered or raised as a result of a clerical check or any review of marking.**

1. Clerical check or 1C. Clerical check with photocopy of exam script: The script is not remarked but is checked to ensure that all parts have been marked and that the marks have been totalled up correctly.

2P. Priority review of marking: This service is for students awaiting university places. Please contact the Curriculum Office for advice first.

2. Review of marking or 2C. Review of marking with photocopied script: If you wish to apply for a review of marking please contact your subject teacher for advice before completing the application form.

ATSC. Access to scripts – copied: Return of photocopied script is the quickest way to receive your script and if ordered **very** soon after your exam result becomes available, it ought to be sent back to you before the deadline for review of marking. This should enable you to request a review of marking (2 or 2C) if required.

ATSO. Access to scripts – original: Do not ask for your original script to be returned if you think you might make any kind of appeal about your results. (Once it is sent then the security of your script will be compromised.)

SERVICE	EXAM BOARD	AS/A COST	GCSE COST	DEADLINE DATE (to be received in Exams by 9.30am)
