OR Payment can be made directly through School Gateway:

If you haven't already done so, you will need to activate your School Gateway account using your email address and the mobile number that the school holds on record for you:

Visit the website: www.schoolgateway.com and click on 'New User'. You'll receive a text message with a PIN number. Use this PIN to log into School Gateway.

Download the app: If you have a smartphone, please download School Gateway from your app store (Android and iPhone). The app shows the same information as the website PLUS it saves the school money when we send you a text message.

If you're having trouble logging in, it may be because the school doesn't have your current email and mobile phone number on record. Please call the school and we'll update your details on our system.

You will need to use the School Gateway website to complete the initial set up for payments using your bank account number and sort code. After this set up, payments can be made on either the website or the app.
