

26 March 2020

Dear Parent / Carer

Important information for students attending QE during period of school closure

From Monday next week (30th March) until further notice, QE students who meet the Government's criteria of absolutely needing to attend school will be accommodated at **Hexham Middle School**. This is because numbers attending both schools have been very low and, for various reasons, it makes sense to have them on the one site and Hexham Middle School is the preferred option.

QE students should report to the Fellside building at 8.50am on Monday. (The Fellside building is the obvious main building on the site and looks similar the Hydro). Students will be able to use desktop workstations to access their online learning resources and QE staff will continue to supervise them. The timings of the school day will be as they are at present and there will be similar arrangements for break and lunch.

We are contacting County Transport to advise them of this change so the usual pick up and drop off details will apply but children will be taken to/from HMS rather than QE.

If you have any queries about the change in venue, please contact me via the admin mailbox admin@qehs.net.

Yours sincerely

James Andriot
Head of school
