

Key Stage 5 (12)		
Course title: A-Level Geography		
Exam board: Edexcel		
Specification code: 9GE0		
Autumn 1 (September- October)	<p>Paper 1 Tectonics Students will study three enquiry questions: EQ1: Why are some locations more at risk from tectonic hazards? EQ2: Why do some tectonic hazards develop into disasters? EQ3: How successful is the management of tectonic hazards and disasters?</p>	<p>Paper 2 Globalisation Students will study the following enquiry questions: EQ1: What are the causes of globalisation and why has it accelerated in recent decades? EQ2: What are the impacts of globalisation for countries, different groups of people and cultures and the physical environment? EQ3: What are the consequences of globalisation for global development and the physical environment, and how should different layers respond to its challenges?</p>
Autumn 2 (October- December)	<p>Coastal Landscapes and Change In this topic, students will answer the following enquiry questions: EQ1: Why are coastal landscapes different and what processes are causing these differences? EQ2. How do characteristic coastal landforms contribute to coastal landscapes? EQ3: How do coastal erosion and sea-level change alter the physical characteristics of coastlines and increase risks? EQ4. How can coastlines be managed to meet the needs of all players?</p>	<p>Regenerating Places In this topic, students will answer four enquiry questions. EQ1: How and why do places vary? EQ2: Why might regeneration be needed? EQ3: How is regeneration managed? EQ4: How successful is regeneration?</p>
Spring 1 (January- February)	Fieldwork and non- examined assessment (NEA) write up.
