POST RESULTS SERVICES SUMMER 2026

If you wish to access any post results services, please read the following and complete a POST RESULTS SERVICE APPLICATION form for each request.

Access to scripts (ATSP): there is a separate form for this service which needs to be completed before an application is submitted.

All forms are available from the Exams Office or on the school website (in the Exams Information section).

Please remember that your final mark can be **LOWERED** or **RAISED** as a result of a clerical check or any review of marking.

- 1. Clerical Check:** The Script is not remarked but is checked to ensure that all parts have been marked and the marks have been totalled up correctly.
- 2. Review of Marking:** If you wish to apply for a Review of Marking please contact your subject teacher for advice before completing the application form.

ATSP: Return of photocopied script. This should enable you to request a Review of Marking if required.

COSTS ARE PER PAPER/UNIT. If you sat more than one exam for a subject you must decide which paper you would like to have checked or reviewed, and make this clear on your application.
